LOCAL TRANSPORT DETAILS: How to Reach the Event Venues and Get Around Logroño.

READ THIS DOCUMENT CAREFULLY!!!

Logroño's compact layout makes it easy to get around the city and access all venues and events of the WFDF 2025 World Under-24 Ultimate Championships! Still, moving more than a thousand players to their designated playing field, on time and in a reliable way is a huge challenge. To ensure an efficient transportation system, please follow these guidelines.
All registered participants can use both public buses and tournament shuttles **free of charge** during the official tournament dates, **June 21st to June 28th**.

TOURNAMENT SHUTTLES
All tournament shuttles depart from "Estación de Comandancia" (https://maps.app.goo.gl/kXf3xAzjhCw6RKca8)
Shuttles serve both the main venue "Pradoviejo" and the secondary venue "UD Logroñes"
You can find the detailed bus schedule at **www.wu24.sport/bus**.

Shuttles leave strictly at the scheduled time**,** so we recommend arriving at "Estación de Comandancia" or at your designated pick-up point **at least 10 minutes in advance**.
For each time slot more than sufficient buses are scheduled to bring everybody that needs it to their playing venue at least 90 minutes before their game. **Make sure to do not plan only for the last shuttle to the fields**, even better, try to plan to take one of the earliest buses in your assigned time window.
Some shuttles are organized for specific teams to reach the venue (team names are listed in the schedule). In these cases, we kindly ask the designated teams to check their pick-up point in the time table link (if different) and again, to be on time.

Some exceptions apply for those accommodated at **Hotel Logroño Parque**, when reaching the secondary venue "UDL". On game days selected shuttles (as indicated in the shuttle schedule) will make an intermediate stop at "Portillejo Carretil", located between Estación de Comandancia and UDL.

PUBLIC BUS LINES
!!SUNDAY MORNINGS PUBLIC BUS SERVICE STARTS AT 09:00 AM !!

Urban bus lines are in many cases the fastest option to reach the main playing venue at Pradoviejo. We expect the teams for whom this is the fastest option to take the public bus, when available.

-**Line 9** to Pradoviejo (primary venue): optimal for Camping La Playa, Albergue Albas, Hostal Isasa, Invino Apartments.
-**Line 4** to Pradoviejo (primary venue): optimal Sercotel, Hotel Logrono Parque and all accommodations in the city center
-Line 5 to UDL (secondary venue): this bus stops approx. 500m from "UDL"

All bus Lines operate in both directions and run approximately every 12–15 minutes. On Sunday morning, public buses serve starts at 9:00 am so a special shuttle bus schedule will be in place. Make sure to check it properly.

When using public bus lines, enter from the front door and show your tournament accreditation card when boarding, the driver will give you a free ticket stub**.** Keep your tickets**,** collect them throughout the week, and return them to the Main Tent, preferably during the last two days or any morning before your games**. YOU DO NOT have to pay for those tickets, only collect them**

RETURN TRIPS

For return trips from Pradoviejo**,** we strongly encourage using public buses whenever possible. Tournament shuttles are intended to supplement the urban transport system, not replace it. From UDL (secondary venue)**,** return shuttles will be provided for all players and staff**.**

IN CASE YOU'VE LOST YOUR LAST AVAILABLE RIDE:

TAXI

Taxis in Logrono are fast, reliable and quite cheap. Call +34 941 50 50 50
